

## SPORT FISHING

Not all anglers are created equal. The same goes for sport fishing shoes.

### KRAKEN

#### Not Your Father's Boat Shoe

The Kraken is a 100 percent drainable shoe with a molded TPU upper that provides protection, breathability, and will not absorb any fluids that you may encounter on the boat—even the blood and guts from your catch. This, paired with an SRC-rated outsole, makes for the perfect shoe on the water. Available in men's sizes in Brown, Navy, and Gray Coho.

**Sizes: M 7-11 (half sizes) 12, 13, 14**
